

Transition from Preschool to Kindergarten: CPSE-to-CSE Special Education Transition for Families

This time in a child’s life is a big transition for families, teachers and the children. Come with your questions and take away a lot of great information!

During this training participants will obtain information about the transition, CPSE-CSE process, the differences between preschool special education and school aged special education. Teachers and providers will learn strategies to support families and children through this transition. Families will learn the transition process and what changes to expect once their child enters kindergarten.
